UNIVERSITY

Welcome from our **CEO and Academic Director**

Dear Students,

Welcome to International Maritime Business Academy(IMBA). As the CEO of IMBA it is a great pleasure to welcome you to our academy which is located in the heart of the city. Our university is located in a pristine location surrounded by natural beauty. Forests, lakes and streams are all around us. The natural beauty of Dehradun is a wonderful backdrop for your higher education. The vast recreational activities enable you to develop a healthy balance between your academic and leisure life.

The Maritime faculties at IMBA are dedicated professionals who excel in connecting with students and providing educational experience equal to that of any university.

At IMBA, students, have the opportunity to create your own personalised education. Education in and out of the classroom is readily available. Our faculty are friendly, welcoming and supportive. With relatively small class sizes, you will have the opportunity to know the faculty and work with them side by side on business and research projects.

MBA primary focus is on employability and we have designated career & placement cell to assists our students.

I look forward to meeting you and engaging with you during your time here at IMBA in Dehradun.

Kunal Uniyal

Capt Kunal Uniyal
CEO & Academic Director

Why IMBA?

For the first time in India IMBA brings Advance Post Graduate Diploma in Maritime Business Management. A course specifically designed to cater Trillion Dollar Global Maritime / Commercial Shipping Industry

Industry professionals & academicians designed the curriculum, formulate the syllabi, developed the study material, set and assess the assignments for our Post Graduate Programmes

IMBA has corporate tie-ups with "Narayan Shipping and Chartering" and "Trident Minerals" to provide hands on training to all our candidates.

Distinguished faculty from noted institutions:-

- Cardiff University - UK
- Pennsylvania State University - USA
- HEC School of Management - Paris
- ISC Business School - Paris
- Ross School of Business, University of Michigan - USA
- University of Petroleum & Energy Studies - India

Graduate Diploma awarded by Quantum University, Ranked No.1 Institution in North India. Most of IMBA candidates get Internship and are placed with companies after completing six months of their course. IMBA has 100% placement record with starting salary of our candidates ranging from CTC 3.5 Lakhs to 6.5 Lakhs plus commissions. Our Post Graduate Diploma in Maritime Business Management is the perfect and easiest gateway to countries like Singapore and United Kingdom since several vacancies exist for trained Maritime Business Professionals. Our graduates have been placed in globally reputed firms such as Arya Corp, Cross Bulk, Ravin Marine, Scandinav, NSC & Trident Minerals to count a few.

An aerial photograph of a shipping yard. Numerous intermodal containers in various colors (yellow, blue, red, grey) are stacked and arranged in rows. A white truck with a blue cab is parked in the middle of the yard, pulling a long white container. The ground is paved with yellow and white lane markings. The right side of the image is partially obscured by a dark blue graphic overlay with orange decorative lines.

Overview

Today's business world is constantly changing, bringing with it exciting new opportunities as well as daily challenges.

That's why at IMBA, we are dedicated to train students to effectively shape the future by overcoming these challenges and becoming tomorrow's business leaders.

Located in the heart of Dehradun we have students from all over the country. Our tie-ups with international and domestic shipping companies make us an international academy that truly provides academic excellence.

With enterprise, leadership and success at its core, IMBA offers industry-relevant programmes which focus on developing the practical business skills needed to ensure your professional success.

About IMBA

International Maritime Business Academy (IMBA) was established with the vision of imparting world-class education focussing on Maritime & Commercial Shipping Industry in the Indian subcontinent. In line with this objective, we offer 1-year Graduate Diploma programmes in Management and Law, in partnership with Quantum University.

The academic tone for the Graduate Diploma programmes offered at IMBA is set by the rigour followed by Maritime Industry. Professionals from the industry & academicians formulate the syllabi, develop the study material, and set and assess the final examinations for all the graduate programmes offered at IMBA. Today IMBA is among the foremost educational institutions making leaps and bounds in the field of Commercial Shipping and International Maritime Law.

Post Graduate Diploma courses offered by IMBA are in partnership with Quantum University – on the basis of stringent and continuous quality assessment by Quantum University of the programmes taught by us. This essentially means that the academic standards, faculty and facilities at IMBA have been deemed by Quantum University, to be equivalent to those provided by Quantum itself.

IMBA students have the opportunity to obtain a world-class education, right here in India. All IMBA students enroll as full-fledged students of Quantum University; not only do they become part of a 3000-strong student community, but they also receive the Advance Post Graduate Diploma directly from the Quantum University upon successfully completing the programme.

Our Academic Partners

At IMBA, we place a great deal of value in first-hand experience of the business world through company tie-ups and visits, networking events and guest speakers.

Our strategic collaborations provide plenty of chances for IMBA Students to network with leading companies through various guest speakers and company presentations. We are fortunate enough to welcome numerous inspiring professionals to our academy to share their experiences with students. This means that you will continuously be exposed to relevant industry knowledge, potential career paths and opportunities.

International Maritime Business Academy is excited to offer post graduate degree program through its academic partnership with Quantum University.

We are partnered with **Quantum University** (Ranked No.1 University of Uttarakhand) to help our students reach their full academic potential.

Passion & Profession Best of both Worlds at Quantum University

Quantum University unfolds a whole new age of learning! It takes into account your aspirations and your passions. It offers a unique inter-disciplinary environment where one could study computer science with economics, agriculture with entrepreneurship, or MBA with cyber security.

Hundreds of such combinations are waiting to be explored. At the same time one is given the opportunity to follow his or her Passion in Theatre, Sports, Music, Dance, Photography and much more.

In Partnership with

Our Academic Partners

International Maritime Business Academy welcomes the establishment of a collaborative relationship with the University of Plymouth. Through our partners our students and staff have global reach and impact influencing opinion formers and policy makers, carrying out innovative and world leading research, gaining valuable international experience and accessing best from the world.

In this collaborative dual degree programmes, students will study for an online MBA degree with specialisation in Maritime Business from University of Plymouth, United Kingdom, in addition to the Advance Post Graduate Diploma in Maritime Business Management from Quantum University, India. The programmes provide in depth knowledge designed specifically catering to the billion dollar commercial shipping industry.

On successful completion of the programme, students will graduate with PGDM in Maritime Business Management & MBA in Maritime Business.

The university of pioneers, advancing knowledge and transforming lives

The University of Plymouth is renowned for high quality, internationally-leading education, research and innovation. With a mission to Advance Knowledge and Transform Lives, Plymouth is a top 50 research university (Research Fortnight Research Power League Table 2014) with clusters of world class expertise across a wide range of disciplines including marine science and engineering, medicine, robotics and psychology. A twice winner of the Queen's Anniversary Prize for Higher Education, the University of Plymouth continues to grow in stature and reputation.

It has a strong track record for teaching and learning excellence, and has one of the highest numbers of National Teaching Fellows of any UK university. With 18,000 students, and a further 15,000 studying for a Plymouth degree at partner institutions in the UK and around the world, and over 135,000 alumni pursuing their chosen careers globally, it has a growing global presence.

**UNIVERSITY OF
PLYMOUTH**

Our Academic Partners

IMBA is proud to offer our programs at Rushmore Business School most bespoke degree programmes, which are taught at Rushmore campus in Mauritius. The programmes are delivered using face-to-face sessions ensuring students have extensive personal contact with professors and their peers. In this way, students have the opportunity to network and build relationships that will benefit them after graduation as they establish successful careers.

Our collaboration with Rushmore Business School unfolds a whole new age of learning with a highly evolved teaching-learning pedagogy. We are committed to ensure that all students have a strong core competence and are industry ready.

Mauritius has been a major maritime hub since the 16th Century. In-addition, the strategic location along with our collaboration with Rushmore will help students gain real-world experience and a global outlook.

Re-Engineering your Future Rushmore Business School - Mauritius

Rushmore Business School is an international tertiary education institution known for its academic excellence and state-of-the-art infrastructure. Rushmore Business School offers a range of undergraduate and postgraduate programmes covering areas such as Business Studies & Law, Aviation, Hospitality, Tourism & Leisure, Engineering, Quantity Surveying, Accounting & Finance, Information Technology, Marketing and Spa & Wellness. The Business School is fully accredited and all its courses have been approved by the Higher Education Commission, the Mauritius Qualifications Authority in Mauritius and the British Accreditation Council.

Training & Commercial Partners

We develop partnerships with leading corporations to provide hands-on training to all our candidates. In addition, it provides unique opportunity for students to network with top industry professionals.

Our various collaborations are an excellent way for you to build the connections needed to ensure the best start in your career.

Placement Partners

What our Students Say

Shubham Negi

Junior Broker
Arya Corp, India

I'm a sailor. I was looking to settle down ashore but I had no platform. Then I came to know that IMBA is functional in Dehradun. I joined it and got trained in the Maritime Industry. The faculty had put great efforts to train students that within six months, I got selected in a reputed ship brokering firm in India thanks IMBA it's the best decision I've made!

Shubhang Vats

Junior Broker
Cross Bulk, India

I literally had no idea after I completed my grad for where to go & which career to step into. I had no plans of doing masters as it's just a waste of time in my opinion. It was then when I got to know about the International Maritime Business Academy. It's the best platform to gain knowledge (theoretical and practical) in the commercial shipping industry. After completing my course, within a period of 6 months I got placed in a reputed shipping company as a junior broker, thanks IMBA and the mentors.

What our Student Say

Priyanka Bisht

Analyst

Narayan Shipping & Chartering, India

I did my graduation from IMS Unison University, India. After my graduation I was looking out for some different opportunities rather than pursuing an MBA. IMBA gave a clear vision to my career in Maritime Business Management, The Future that the Masses haven't explored yet. I completed my Course from IMBA and today I am working as an Analyst in Narayan Shipping & Chartering.

Pranhjil Mamgain

Chief Officer
Fleet Ship Management

Keeping to the fact, the classes were precise to the subject of Maritime business & Commercial Shipping with the helpful learning environment, great supporting staff and well-versed faculties.

Niharika

Trader

Trident Minerals, India

IMBA made me realize my true potential as a ship-broker. I did my MSC in zoology only to realize that there was not much scope in my field. It was after the six-month course at IMBA that I was able to secure a good position and the job of my dreams. Belonging to an entirely different field, IMBA not only filled the sense of confidence but made me believe that maritime industry is not restricted to just a few hands.

Advance Post Graduate Diploma in Maritime Business Management

In Partnership with

ABOUT THE COURSE

With a rich blend of theoretical knowledge and practical skills, PGDM in Maritime Business Management programme aims to leave candidates well-equipped for careers in Ship Brokering, Chartering, Port Management, Ship Operations, Management and International Maritime Law.

This stimulating and intellectually challenging program helps to provide students with the skills and knowledge required to operate successfully within The International Maritime Industry.

Our program has a strong business focus and explores the complex factors involved in the maritime business and shipping operations worldwide. Students will also reflect on the key aspects of chartering, port agency and technical ship management and look at the impact of international trade on management strategies in the industry.

IMBA has collaborated with leading ship business houses such as Narayan Shipping & Chartering, Trident Minerals & Arya Corp to provide practical hands-on experience in Maritime Business Management.

COURSE HIGHLIGHTS

Multi-Modular Program

A comprehensive 12 month multi-modular program offered by senior professionals and academicians from maritime industry.

Action Learning

Through the course of the program, students are able to leverage classroom learning to build on their business projects and use the available resources to deliver a powerful plan for global maritime markets.

Real Time Brokering & Chartering

Our corporate tie-ups with firms “Narayan Shipping & Chartering” and “Trident Minerals” provide real time brokering and chartering assignments to our candidates which provide each participant hand-on experience, making them ready for real world business situations and think like leaders.

Placement & Internship

Internship and Placement with top business houses in India, London, Dubai and Singapore.

Job Placements:

- 100% Job Placements/ Internship Assistance.
- 100% Job Placements of our previous batches.

Admission Process

For the 2021 Graduate Diploma programme intake, there are 30 seats in total.

IMBA follows a rounds-based rolling admissions policy. This means that the applicants who apply in an earlier round have a higher likelihood of being accepted into the programme of their choice. It also means that the applications will be closed as soon as all seats are filled. The admission process comprises of two steps:

STEP 1 : Filling the Application Form

To apply online, visit the portal www.imbaeducation.com or <http://quantumuniversity.edu.in/>

To apply offline, you may download the Application Form from the IMBA website or Quantum University website or collect it from any of the IMBA admissions offices or Quantum University offices. The form must be completed and submitted at the IMBA or Quantum University admission offices, via courier or in-person.

All necessary documents as listed on the application form, must be submitted at the time of applying, whether online or offline. Candidates who have successfully completed or are in the final semester of full time undergraduate degree programme, are eligible to apply for the Graduate Diploma programmes at IMBA.

STEP 2 : Personal Interview (PI).

There is no exemption from the PI on any grounds. The personal interview is intended to assess the applicants intention to pursue higher studies at our academy, their ability to perform successfully and match our required standards.

Outstation & International students may appear for PI through online mode via Skype, or through the offline mode at the IMBA academy in Dehradun.

Once all two steps are completed, a candidate's application will be reviewed by the Admissions Committee in full. The final admission decision will take into consideration:

Performance in the PI (60% weight)

Graduation Scores & Class XII Scores (40% weight)

If you are made an offer of admission but do not have your graduation scores by then, you may confirm your place, but this will stand void if the graduation scores are not submitted before the commencement of the programme.

Note- All decisions made by the IMBA Admissions Committee are final and binding.

Please refer to the IMBA website for more details on the Admission Process and Calendar.

Our Team

IMBA and its faculty members are committed to an innovative, discussion-based and application oriented pedagogy, benchmarked to International education standards. Faculty members at IMBA hail from the leading universities in India and the world, and bring to the classroom a rich blend of industry, teaching experience, research expertise and real-world exposure. They are also trained, at least once every year, by industry professionals and international academicians in the best global teaching practices. Students are also regularly exposed to eminent guest lectures and experiences such as sessions at ports, and leading commercial shipping companies. All this has resulted in a high quality learning experience for students and has laid the foundation for great academic and career achievements.

Life at IMBA

IMBA's student body is extremely diverse, motivated and typical, making IMBA the vibrant place that it is. Hailing from top undergraduate colleges and programmes around the world, including Quantum University's own undergraduate programmes, postgraduate students at IMBA are exposed to a variety of co-curricular and skill-building opportunities.

The Career Services Division, apart from organising placements in leading multinationals – both in India and overseas, trains students in key career-related skills through the year. Workshops for MS Excel, mock interviews, group discussions, soft skills training and CV-writing are conducted by experienced trainers to prepare students for recruitment and selection processes.

Postgraduate students also participate heavily in industry conferences held at IMBA, which host lectures by eminent persons and provide a forum to network with key professionals from reputed firms. This is complemented by frequent guest lectures by eminent speakers from all walks of life.

The thriving E-Cell provides a great platform for budding entrepreneurs to exchange and explore ideas. Postgraduate members of the cell have also participated in and secured prizes at business plan competitions organised by industry bodies. Visits to marquee organisations like the Ports and commercial shipping firms also mark the Graduate Diploma students' annual calendar, as do events such as inter-college festival and various other intra-college sports, dance, music, media and social work events.

10 REASONS TO STUDY IN DEHRADUN

CENTRAL LOCATION: Only an overnight journey away from the country's capital, Dehradun is not just centrally located but is the gateway to the heart of Uttarakhand's beauty. Surrounded by progressive culture, all major opportunities are just a step away.

EXCELLENT TRANSPORT CONNECTIONS: Dehradun is known to have one of the best transport systems in the State of Uttarakhand. With affordable public transport service running throughout the city, it's effortless to commute.

UNIQUE TOPOGRAPHY: Nestled at the foothills of Himalayas, Dehradun is located at a height of 1,467 ft. Surrounded by rivers Ganga and Yamuna, Dehradun's unique topography is the reason for its picturesque and pleasant weather all year long.

LONG DISTANCE TRAVEL: For outstation students, living far away, Dehradun offers an efficient and sophisticated system of buses, railways and air travel.

DEHRADUN'S UNIQUE CULTURE: Doon's people are known for their unique outlook on life. With their amicable and benevolent approach people are not only diverse but also promote inclusivity.

AFFORDABLE LIVING COSTS: Being a student hub the living expenses in the city are more than affordable. Home to the major research centers of the country like - FRI, ICAR, Indian institute of petroleum, Wadia Institute of Himalayan Geology to name a few, it's far more student friendly than any other major student destinations.

SOCIAL SCENE: Parties, exhibitions, shows, cafes, workshops, big scale festival celebrations, talks, openings - Dehradun caters to everybody's taste.

STUDENTS CAN WORK PART-TIME: With new businesses coming up every other day, outstation students can work part-time which will help them in their future endeavours.

LOW LEVELS OF UNEMPLOYMENT: Being the capital, upcoming hub of new businesses, and strong economic backbone, Dehradun has always maintained a low level of unemployment.

CLOSE TO NATURE: Dehradun is not only a green paradise itself but is the portal to all the major hill stations of Uttarakhand.

The Cost of living in Dehradun

DehraDun is a multi-cultural city that boasts an ever-expanding student population. One of the reasons for this increasing popularity of DehraDun is the low cost of living, making it one of the most affordable cities in India to live and study.

In addition to its rich history and thriving business scene, DehraDun offers cheap rent and living expenses which are generally lower than other places in India. With the added benefit of low tuition fees as compared to the rest of the world.

Average living cost in Dehradun

- Rent: INR. 7,000/-
- Food: INR. 3,500/-
- Books: INR. 500/-
- Transport: INR. 2000/-
- Phone/Internet: INR. 700/-
- Other: INR. 2,000/-
